

# Search and AI-Driven Analytics for Snowflake

Use the power of search and AI to uncover insights on Snowflake's high performance, zero management built-for-the-cloud data warehouse. Simply connect, select your data, and start searching. Queries run where the data lives to give you the most up-to-date answers. Or optionally sync your data to ThoughtSpot to get fast answers on billions of rows of data.

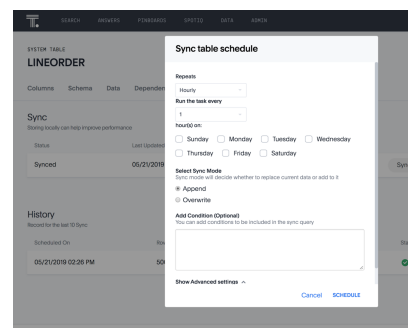

## The Only True Search Box for Snowflake

Connect to Snowflake and start searching in minutes
