

Ajeet Singh, Co-founder and CEO

Ajeet is Co-founder and CEO at ThoughtSpot. Driven by his passion for creating impactful businesses, Ajeet has had the experience of creating billion-dollar technology companies from scratch. Prior to starting ThoughtSpot, Ajeet was Co-founder and Chief Products Officer at Nutanix, an IPO-worthy company that's revolutionizing the enterprise data storage industry. Ajeet and his team defined a "No SAN" market segment that is changing the landscape in the \$20B storage market. Prior to Nutanix, Ajeet learnt the ropes of enterprise technology startups at Aster Data (acquired by Teradata for \$300M), where he was Senior Director of Product Management. Prior to Aster Data, Ajeet worked at Oracle where he was part of the team that first launched Oracle Database to the Amazon EC2 cloud. Ajeet holds an MBA from the Indian Institute of Management, Calcutta and a Bachelor of Science in Chemical Engineering from the Indian Institute of Technology, Kanpur, where he graduated at the top of his class.

Amit Prakash, Co-founder and CTO

Amit is Co-founder and CTO at ThoughtSpot and has deep experience in building large scale analytics systems. Prior to ThoughtSpot, Amit led multiple analytics engineering teams in the Google AdSense businesses, contributing \$50M+ quarter-on-quarter growth to the business through improving analytical algorithms for AdSense. Prior to that, Amit was a founding engineering in the Bing team at Microsoft, where he implemented the pagerank algorithms for search from scratch. Amit received his PhD in Computer Engineering from the University of Texas at Austin and a Bachelor of Technology in Electrical Engineering from the Indian Institute of Technology, Kanpur.

Shashank Gupta, Jr. Co-founder and Director of Engineering

Shashank is Jr. Co-founder and Director of Engineering at ThoughtSpot. Shashank is a strong systems generalist who brings his technical expertise and fast-paced execution oriented engineering management skills to the team. Prior to ThoughtSpot, Shashank was in senior engineering roles at Amazon, Yahoo and Cisco where he worked on search, distributed systems and networking. Shashank was one of the early engineers at Andiamo, a company that redefined networking for enterprise storage and was acquired by Cisco for \$750M. Shashank has a MS in Computer Engineering from the University of Texas at Austin and a Bachelor of Technology in Computer Science from the Indian Institute of Technology, Delhi.

Vijay Ganesan, Jr. Co-founder and Principal Engineer

Vijay is Jr. Co-founder and Principal Engineer at ThoughtSpot. Vijay has a strong application development background and brings his BI domain knowledge to the team. Prior to ThoughtSpot, Vijay was leading the BI-in-the-cloud effort at Oracle. In his prior life, Vijay has architected and developed business intelligence and analytics products at PeopleSoft and i2 Technologies. Vijay has Master of Science degrees in Electrical Engineering and Operations Research from North Carolina State University and a Bachelor of Technology in Electrical Engineering from the Indian Institute of Technology, Madras.

Sanjay Agrawal, Jr. Co-founder and Principal Engineer

Sanjay is Jr. Co-founder and Principal Engineer at ThoughtSpot. Prior to ThoughtSpot, at Google he worked on the low latency, high throughput ads database. Sanjay has worked on query optimization in the cloud and automatic SQL tuning for SQL server while at Microsoft. Sanjay has a Master of Science in Computer Science from the University of Wisconsin, Madison and a Bachelor of Technology in Computer Science and Engineering from the Indian Institute of Technology, Kanpur.

Priyendra Deshwal, Jr. Co-founder and Principal Engineer

Priyendra is Jr. Co-founder and Principal Engineer at ThoughtSpot. Prior to ThoughtSpot, Priyendra worked on scaling the performance of Google search index significantly, as well as on improving search ranking algorithms. Priyendra has a Master of Science in Computer Science from Stanford University and a Bachelor of Technology in Computer Science from the Indian Institute of Technology, Kanpur.

Abhishek Rai, Jr. Co-founder and Principal Engineer

Abhishek is Jr. Co-founder and Principal Engineer at ThoughtSpot. Prior to ThoughtSpot, Abhishek led a Borg development team at Google that manages all resources in Google's data centers. He also worked on a virtual machine file system at VMWare. Abhishek has a Master of Science in Computer Science from the State University of New York at Stony Brook and a Bachelor of Technology in Computer Science and Engineering from the Indian Institute of Technology, Kharagpur.
